

# Demolition (aka) DEMO GRABS

Prices Start From \$2,750 plus gst

Heavy duty 5 finger hydraulic grapple offers unmatched versatility for all grappling applications. A unique configuration delivers ultimate flexibility and uses around worksites, demolition, farms or any project that requires pin point pick-up accuracy.

Featuring a large single hydraulic cylinder positioned safely between the ears for protection of the cylinder and rod.

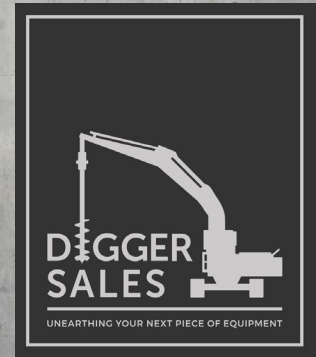

The Demo Grab can be picked up either demolition position (3 fingers facing the cab) or rock picking position (2 fingers facing the cab) and adds to the versatility of the digger, as it provides grappling small, bulky or long awkward shaped objects.

Suitable for all types of works:

- Landscapers
- Forestry
- Scrap Metal yards
- Demolition sites
- Farms

Picks up all sorts of products:

- Tree logs/branches & debris
- Concrete pipes
- Timber posts
- Demolition material
- Rocks
